

SQUARE

28 pt font

SYMMETRY & ALIGNMENT

24 pt font

Page Layout:

- Margins = normal
- Page Border = 4 ½ pt, measured 0 pts from text

Shapes:

- 2" X 2" size
- 3pt border
- Aligned as shown with text boxes **AND** to margins

What do you need to consider to achieve this overall layout of shapes and text boxes relative to each other and the page?
